

"The cleaning industry is polluting the planet.

**We know it is possible to clean effectively without destroying our
environment.**

Join us on our journey to a cleaner, greener world"

ABOUT US

Who are we?

With our proven expertise, and in depth knowledge of the market, we strive to give you all of the information you need to make a decision as to what product you need. Our friendly staff are able to assist you with any query and can give you advice, be it over the phone, via email or on site visits. We have been trading as a family run business for 50+ years, supplying large and small businesses with what they need to keep their premises and their customer's premises clean. Together, we have grown a company by doing one thing very well, solving our customer's problems. For the first 50 years of trading, these questions were purely

practical or money-saving. In the last year or so, the questions have begun to change. The problems relayed to us now don't relate to the person

or business but rather to where we all live, planet Earth. Our current aim is to help bring the commercial cleaning world into a new way of thinking about the way they clean & its impact on the planet.

Our plastic-free product range is continuously evolving as we source more environmentally friendly items for our customers to choose

from. We stock eco-friendly alternative cleaning brands and products to help encourage our customers to be more green. You will find refillable chemical bottles in alternative packaging, as well as mops, scrubbers, cloths and wipes all made from greener materials to help you on your way to a more sustainable future.

New products are entering the market all the time as plastic-free alternatives become tried and tested for their effectiveness.

How do we deliver to you?

However we get your goods to you, you

can always be sure that we are keeping the environment in mind. If you are within a 50 mile radius of Bristol we will be using our own fully electric or Euro 6 diesel vans. Deliveries are always grouped in the most economical way possible as the fuller the van, the less impact on the environment. We are also about to launch a range of cleaning chemical sachets that can be delivered through Royal Mail.

For further afield delivery points we use APC. APC have already invested 9 million on EV & aim to have 5000 electric vans on the road by the end of 2023. All parcels they deliver are carbon neutral, due to their use of EV & carbon offsetting. DHL is just in the process of rolling out another 270 electric vehicles & are committed to begin fully electric by 2030.

Pallet deliveries are sent using Palletways - the largest freight network in the UK they have the advantage of limiting the number of unladen trips, which drives down the total emissions overhead per pallet.

Trying to do the right thing environmentally can be confusing, so we have created a simple key to help you.

Made in the UK

We source stock from UK factories to reduce carbon footprint and prevent supply issues.

Low Energy Consumption

We identify products that reduce consumption or save time, such as a more efficient vacuum or hyper-concentrated chemicals.

Reusable Packaging

Identifies products or packaging that can be reused or refilled.

Recyclable Packaging

We prioritise products and packaging that are made from recycled materials or can be recycled.

Biodegradable

Products with the "rot away" symbol will decompose quickly without harming the environment.

FSC Certificate

Products with a Forest Stewardship Council (FSC) certificate are made from responsibly managed forests or recycled sources.

Our Goal

Sustainability and a general "do the right thing" approach is at the heart of what we do. We want to bring more affordable, convenient cleaning solutions to businesses in the UK especially around Bristol.

The Challenge

An often overlooked but major challenge for the cleaning industry is the use of liquid chemicals. These are typically packaged in plastic 750ml or 5L bottles which are then transported around the country leading to high CO2 emissions. When the bottles are depleted, they are frequently non-reusable and get thrown out.

The Solution

ECO-ONE Chemical Sachets.

These sachets dissolve in water to create the required cleaning chemical anywhere at a moment's notice. Made less than 10 miles from our warehouse and delivered using our fleet of electric vehicles.

We have worked with a local manufacturer to create our own brand of chemical sachets and have thought out the product lifecycle from start to finish to ensure it is as environmentally friendly as possible while still providing the results needed for commercial and domestic cleaning environments.

Made in the UK and Plastic-Free:

These products are produced in the UK and are 100% Plastic-Free. The sachets are also 100% Biodegradable, making this product great for the environment.

Save Storage Space:

Just ONE packet of cleaning chemicals makes up to 250L of chemicals*. Saving you plenty of space in your janitorial cupboard.

Reduce Your Carbon Footprint:

One pouch of 20 sachets weighs around 100g. Whereas 20 x 1L of traditional liquid soap in bottles or pouches weighs 20kg+, so swapping to this product massively reduces your carbon footprint!

*Based on a 50sachet packet of Odour-Clean. 1 sachet = 5L of chemical once diluted in water.

Our products comply with REACH - an adopted European Regulation Law. "The regulation obliges both EU manufacturers and importers of substances to register them in Europe and to provide a high level of protection of human health and the environment from the use of chemicals.

eco-one Empty Trigger Spray Bottles

750ml, 100% recycled, with a colour-coded trigger head.

ECO-ONE-2LBOTTLE

eco-one Odour-Clean

All Surface Cleaner & Deodouriser.

This is a powerful formulation that is designed for hard surfaces, including ceramic tiles, concrete, sinks & desks. The formula for the 20 and 50 packs are different so therefore please follow guidelines.

Trigger Spray pk20 **ECO-ONE-OC20**
Mopping pk50 **ECO-ONE-OC50**

eco-one Multi-Clean

Multi-Purpose Cleaner. This has been designed to use on doors, walls, desks, work surfaces, plastic fittings, door handles & more. Safe to use on concrete, vinyl, safety floor & tiles.

Trigger Spray pk20 **ECO-ONE-MC20**
Mopping pk50 **ECO-ONE-MC50**

eco-one Toilet-Clean

Cleaner & Descaler For Toilets & Urinals. An acidic & thickened cleaner which allows it to stick to the inside of the bowl to remove limescale & 'other' stains. For use on s/s, porcelain, chrome & ceramic. Dilutes 1 sachet > 1L bottle.

pk20 **ECO-ONE-TC20**

eco-one Washroom-Clean

Cleaner Suitable For All

Washroom Areas. Use this product on sinks, taps, shower screens, tiles, etc. Great at removing body fats, and even prevents the build-up of limescale.

Trigger Spray pk20 **ECO-ONE-WC20**

eco-one Dishwasher

Leaves Crockery & Glassware

Sparkling Clean. These plastic-free sachets have been specially formulated for use in all dishwashing machines. One sachet per wash. For heavy soiling add an additional sachet when required.

pk50 **ECO-ONE-DW50**

eco-one Foaming Soap

Luxury Soap For Hand & Body.

Can be used in a wall-mounted dispenser. You must mix the product before filling the dispenser, and the dispenser must be a foaming dispenser to work correctly. Dilutes 1 sachet > 1L soap.

pk20 **ECO-ONE-SOAP20**

eco-one Glass-Clean

Detergent For Glass & Stainless Steel.

This is a dual-purpose, lightly fragranced detergent for removing marks and greasy residues from windows, mirrors, decorative stainless steel and other shiny / reflective surfaces.

Trigger Spray pk20 **ECO-ONE-GC20**

Simple Cleaning With The it Range

**Choose RED
for Bathrooms**

**Choose BLUE
for Interiors**

**Choose GREEN
for Floors**

All of the it Range dilute at the same rate.

This together with the colour coding above makes it the most simple cleaning chemical system in the U.K.

Dilution made easy...

All the dilutable products in the IT range have the same dilution rate to simplify usage:

600ml Trigger spray:

= 1 x 30ml

5 Litre Bucket:

= 4 x 120ml

Blue product indicates it is to be used for interior cleaning.

Blue band on label matches colour of product to represent interiors.

Pictograms show which surfaces product can be used on.

Pictograms in bottom left corner indicate how to use the product.

Boxes on right hand side show how much product to dose into trigger spray bottles and buckets for dilution.

ScanIT QR code to access the training & information portal

PH scale shows the pH of the diluted product.

1 - highly acidic
7 - neutral
14 - highly alkaline

Bathrooms

SCALEit

This is a concentrated, acidic liquid which can be used both neat for toilet descaling and diluted for general washroom cleaning. The thick red liquid contains safe sulphamic and citrus acids to clean, kill germs and remove limescale and organic deposits in one operation. Safe for use on porcelain, stainless steel, chrome, ceramic, and tiled surfaces.

1L Bottle
5L Bottle

SCALEIT1L
SCALEIT5L

FRESHENit

This is a pH neutral sanitary cleaner designed to clean, disinfect and create a very long lasting aroma. Freshenit consists on surfactants and emulsifiers to dissolve body fats and scum, and bactericides to ensure the effective neutralisation of odours at source. Safe for use on all washroom surfaces.

5L Bottle

FRESHENIT

Catering & Desk Sanitiser

TOPit

This is a ready to use sanitiser cleaner designed to clean and disinfect all water washable surfaces. Topit can be used to disinfect desks and washable work surfaces that require a high level of disinfection. Ideal for removing tea and coffee stains from work surfaces.

750ml RTU Trigger Spray
6 x 750ml RTU Trigger Spray

TOPIT
6XTOPIT

FLOORit

A neutral, green floor cleaner which is suitable for use on all hard floors. Floorit is low foaming and leaves a fresh, lemony fragrance after use. Floorit dries quickly and evenly over the surface of the floor without leaving patches or smears. Safe for use on all hard floors including polished floors, marble, linoleum, wood, PVC, concrete, tiles, and laminated floors.

5L Bottle

FLOORIT

Interiors

CLEANit

A surface safe multi-surface cleaner, which cleans, freshens, and enhances all hard surfaces without leaving a residue. A viscous, blue liquid with a fresh fragrance and a controlled foam level for easy application. Ideal for the daily cleaning of desks, chairs, doors, etc. Suitable for use on wood, glass, plastic, aluminium, stainless steel and other washable surfaces.

5L Clover Candy

A disinfectant and deodoriser concentrate based on a blend of 3 active biocides for guaranteed results as an air reconditioner. Recommended for use in washroom areas. Also highly effective on waste and rubbish bins.

CANDY

Cleaning Smelly Toilets

There are several reasons why boys' toilets normally smell worse than girls':

Bad aim: Urine soaks into grout lines and porous surfaces. The urine stains create persistent malodours. Uric acid crystals build up inside pipework, creating potential blockages.

Many of our competitors products simply mask the smell rather than dealing with the build up.

Poor cleaning and hard water build up. Calcium deposits in hard water areas create surfaces for bacteria to breed.

Thankfully there is an easy solution to this problem that does not include the use of highly dangerous chemicals, but instead allows a biological chemical to work for you day and night.

Blu Away and Bio Blocks contain millions of bacteria which love to eat the build up which cause the odours! With regular use, you can keep your pipes clear and your washrooms smelling fresh.

eco-one Toilet-Clean

Cleaner & Descaler For Toilets & Urinals. An acidic & thickened cleaner which allows it to stick to the inside of the bowl to remove limescale & 'other' stains. Suitable for use on stainless steel, porcelain, chrome & ceramic.

Dilutes 1 sachet > 1L bottle.

Pk of 20

ECO-ONE-TC20

eco-one Odour-Clean

All Surface Cleaner & Deodouriser. This is a powerful formulation that is designed to clean & deodourise hard surfaces, including ceramic tiles, concrete, sinks & desks.

Dilutes 1 sachet > 5L water

Pk of 50

ECO-ONE-OC50

Foaming Descaler

This is a powerful formulation that is designed to remove limescale and body fats from tiles, shower doors, cubicles, bath screens, shower heads, taps, or even kitchen worktops.

The formulation can be used in food preparation areas with good ventilation.

5L Clover Zip Strip - Rinse Free Floor Polish Stripper

Floor Polishing In 3 Steps...

Step1 - Prepatation.

If the floor has been previously sealed then strip back using this product. Effective on all types of water-based finishes & sealers. Mix 1:10 with water. Leave to work for 10mins. Agitate over floor using a 150rpm scrubber fitted with a black pad.

CZS

5L Clover Diamond Extra - Wet Look Floor Polish

Floor Polishing In 3 Steps...

Step2 - Sealing & Polishing.

Once the floor is clean & dry, mop on 2-4 coats of Diamond Extra. This is an extremely hard wearing floor polish that gives a great gloss & reduces slip.

109

5L Clover P.D.Q. - Wax Floor Maintainer

Floor Polishing In 3 Steps...

Step3 - Maintenance Of Floor.

Now you have a fantastic looking floor you need to maintain in the correct way. The easiest way to maintain a sealed floor is to spray or mop a chemical maintainer down & buff the floor over using a 300-1000rpm floor machine fitted with an appropriate pad.

If you are able to buff twice a week, we recommend **PDQ** which is detergent / synthetic wax based. If you can't then we recommend **RENEWTD** which is a polymer base floor maintainer suited to relatively clean environments.

PDQ

5L Clover Renew TD - Polymer Floor Maintainer

RENEWTD

5L Clover UBIK2000

This is a powerful, blue, alkaline cleaner and degreaser, designed to perform quickly to maintain hygiene in food environments. Ideal for cleaning food oils, fats, blood, dirt, industrial oils and grease from a multitude of surfaces.

UBIK2000

5L Clover Scrub Kleen

This is a heavy duty, low foam, alkaline cleaner, designed especially for use with scrubber dryer machines. A water-based and fragrance-free formula for use in all industrial environments. Suitable for cleaning a variety of surfaces, including: concrete floors, industrial painted floors and ceramic tiles.

308

5L Clover DD10

An exceptional detergent degreaser, DD10 contains a blend of emulsifiers to remove food oils and fats. It is a blue, pH neutral liquid which is odourless for use in the food industry. Ideal to remove vegetable oils, animal fats, mineral oils and grease from all impermeable surfaces.

DD10

5L Deep Clean

This powerful cleaner and degreaser is designed to cope with the toughest cleaning jobs, easily cutting through grease and grime to leave a perfectly spotless finish. Works great on safety flooring. Can be used in a scrubber dryer, with a bucket & mop, or by hand with a cloth. Can be used in food preparation areas.

DCS

Washing Up Liquid

With a bactericidal formula, this is odourless and boasts a high foam formulation for the food industry and catering market. Ideal for cleaning plates, crockery, utensils, glassware, glasses, tumblers and pint pots. Specially designed for hand use in the food industry.

5L Bottle
1L Bottle

WUL5L
CWUL1L

2kg Dishwasher Salt

Dishwasher salt helps to achieve better cleaning results by softening the water that enters the appliance. Hard water contains more lime and makes it more difficult for dishwasher detergent to dissolve, which can negatively impact the cleaning results.

DWSALT

5L Clover Rinsi - Rinse Aid For Dishwashers

A rinse additive for all automatic dish and glass washing machines. Prevents spots and hazing on crockery and glassware, leaving a sparkling finish. Rinsi is mildly acidic to neutralise detergent deposits. Suitable for use through automatic dosing equipment or by Manual dosing.

RA

100 x Dishwasher Tablets

Eliminates tea stains with ease. This is great for the most dried-in dirt to make dishes which sparkle clean. For better results, Finish recommend you use with rinse aid and salt.

CDWT

5L Clover Dishwasher Detergent

A clear liquid with a high sequestrant content, which allows it to be used effectively in both soft and hard water areas. An anti-corrosive agent has been added to the formula to protect the machine. Suitable for all dishwashing machines.

DWL

eco-one Dishwasher Sachets

Leaves Crockery & Glassware Sparkling Clean.

A specially formulated powder for use in all dishwashing machines. One sachet per use. For heavy soiling add an additional sachet when required.

Pk of 50

ECO-ONE-DW50

10kg Washing Powder

A powerful biological low foaming powder for professional use that will remove dirt & stains, even at low temperatures. The blend of coloursafe oxygen bleaching agents & enzymes delivers brilliant results in all types of washing machines. Includes a 100g scoop. Available as either a Bio or Non-Bio washing powder.

Non-Bio
Bio

NBWP
BWP

5L Clover Sola-Bac

A powerful bactericidal cleaner and degreaser, which passes BS EN 1276:1997 at a 0.5% dilution rate with a 5 minute contact time. Ideal for cleaning and disinfecting commercial kitchens.

SOLA-BAC5

Phos - Catering Descaler

This is a low foaming, non-tainting, concentrated descaler for stainless steel plant and equipment in the food industry. Ideal for descaling bain-maries, stainless steel water boilers, steamers, dishwashing and glasswashing machines and stainless steel pipework.

PHOS

Prochem Stain Pro - Stain Remover

This is a heavy duty water and solvent based alkaline protein spotter for blood, vomit, wine, ink, fresh tea and coffee, and most food based stains. Stain Pro is a clear liquid with a delightful mint fragrance.

**AW80
AW805L**

Do you know which cleaning chemicals you should use to tackle certain cleaning problems?

We have created the pH puzzle below, which explains what the pH scale is and to help you when making a decision as to which type of cleaning product you need.

Alkalies are effective in removing organic soils such as food related fatty acids and greases, oils and carbon from surfaces.

Acids are effective in dissolving rust, scale, lime and water deposits from surfaces.

UNDER NO CIRCUMSTANCES SHOULD CHEMICALS BE MIXED TOGETHER.

Drum Pump - To Fit 'BioHygiene' 5L Bottles

Why Choose Numatic?

With more than 15 million made and most still in used today, it's no wonder Henry is independently rated the UK's most reliable vacuum brand. **This is sustainability.**

Low Energy, Sustainably Made, Powerful Performance.

Eco ReFlo Vacuums provide unbeatable performance with 30% reduction in energy consumption, whilst being built from sustainable materials.

ReFlo Technology

They engineer many of their products from the highest quality, recycled plastic using their own innovative, environmentally sustainable ReFlo Technology. ReFlo Technology uses high-quality recycled, post-industrial material from the automotive industry, which are diverted from landfill or incineration. Their products are SCS certified which guarantee a minimum of 50% recycled material.

Performance You Can Trust

Reliable, high-performance, sustainable cleaning for all.

- Designed & Made In The UK
- Sustainable - They make new vacuums from grinding up old ones!
- UK's No.1 in Professional Cleaning

Like all Numatic machines, this vacuum is made in Chard, Somerset.

903886

Nilfisk SW250 Pedestrian Sweeper

Keeping your premises in a good and inviting condition for customers and employees can be a costly and time-consuming issue. With this walk-behind sweeper from Nilfisk, it has never been easier.

Compared to a manual broom, it will pick up and remove dirt, dust, nails, sand, cigarettes, etc. up to 6 times faster.

It is compact and light, meaning you can use the sweeper when space is limited or in congested areas. There is no motor (and therefore no noise), so daytime cleaning is an appealing, cost-saving option.

Features and adjustable soft-grip handle, built-in dust filter, and large 38L hopper for long-time cleaning.

Dimensions (LxWxH): 1470 x 920 x 1120mm

50000494

Bissell DC100 Commercial Carpet & Upholstery Washer

This professional carpet cleaning machine is designed to withstand the rigours of everyday use. It's packed full of features including a powerful rotating dirtlifter powerbrush, which helps to really scrub the carpet. Two removable water tanks which make it easy to fill and clean. It also comes with a 2.7m hose with an attached stair & upholstery tool which gives you the flexibility to handle spot stains or to deal with stairs, upholstery or even car interiors.

Suction Power. Heavy-duty suction power works extra hard to extract dirt and odours from your carpet & upholstery.

Large Capacity. The 2 tanks keeps the clean water & dirty water separate.

Flow Indicator. Shows the flow of water in the machine. When it stops spinning, you need to fill the tank with more water & solution.

DC100

Why Choose MotorScrubber? Cleaning tools designed with the user in mind. Their range of floor scrubbing machines and deep cleaning equipment are designed for professional use, achieving outstanding results in any environment.

MotorScrubber JET3 - Battery Driven Scrubber With Spray Jet

Integrated with chemical injection giving you an incredible deep clean up to 3m/10ft high. With the on-board chemical injection meaning you can clean 3x faster, completely removing the need for a bucket with chemicals!

Plus with an 8 hour charge time, the battery can be charged overnight ready for the next day.

MotorScrubber SHOCK - Battery Driven Access-All-Area Cleaning

The new standard in oscillation cleaning! This machine has the lowest profile cleaning head in the world, optimised for access-all-areas cleaning. It utilises targeted shock-wave technology and delivers a groundbreaking cleaning performance that is second to none. SHOCK has been designed to deep clean along the edges of floors, walls and baseboards as well as right into the corner of any fixtures and fittings, cleaning anywhere with extreme precision.

MSJET3

MotorScrubber BLADE Spray Mop - Complete Kit

The quick refillable handle eliminates the need for buckets completely and makes cleaning floors so much safer & quicker.

This complete kit includes the Spray Mop complete with Frame, Fluid Injection Handle, Rubber Blade, and 1 x S-Fibre Pad.

MSBLADECOMPLETE

MSSHOCKCOMP

MotorScrubber STORM Disinfecting Backpack & Wand

STORM gives you the freedom to quickly disinfect all common touch points, reducing the risk of cross infection. Use it to disinfect and spray evenly for solid coverage. Simply press and go to disinfect recently touched surfaces such as door handles, taps and hand rails. Weighing just 5kg for the backpack, and with the super-lightweight wand weighing in at just 0.3kg it makes for hours of fatigue-free use. STORM gives the freedom to safely disinfect on the go, with no trailing cables to contend with. Area coverage of 75m² per litre.

Wand Only
Backpack & Wand

MSSTORM MSSTORMCOMP

Numatic Spares.

At One Stop Cleaning Shop, we stock all manner of machine spares and accessories. From spare batteries, to vacuum motors, we try to cover all your needs.

10 x Numatic 1CH Hepa-Flo Vacuum Bags

These bags feature a 3 layer format to collect the finest particles. Using these genuine bags will ensure you get optimum cleaning for the life of your vacuum. They fit all 'face' machines (Henry, Hetty, Harry, etc).

604615

10 x Numatic Henry Quick Pods

Hygienic hands-free emptying for your Quick vacuum. Keeps your Quick vacuum looking clean, spotless & as good as new.

915145

AAT30E Accessory Kit - Fits Any 32mm Numatic Vacuum

Featuring 1.2m hose, aluminium tube bend and telescopic wand, 270mm ProFlo floor tool, double taper hose adaptor, and 65mm soft brush.

915883

AS0 Combo Kit - Fits Any 32mm Numatic Vacuum

Includes: crevice tool, 2 x extension tubes, hose adaptor, 65mm soft brush, 150mm upholstery nozzle & brush, S/S tube bend, ProFlo floor tool, and hose.

903146

Numatic 32mm Floor Tool With New Wand Dock

The ideal tool for vacuuming carpets & hard floors. The tool features a pedal that moves the bristles up and down.

902071

Numatic 32mm Black AiroBrush

This brush gives a beats-as-it-sweeps action to your vacuum. The beating action grabs pet hair and fluff from the carpet that a standard pedal tool misses.

907424

Numatic 32mm Hard Floor Brush

This brush suits hard floors. Perfect for lino, wood, stone or tiled floors.

909555

Numatic 32mm Multi-Flo Floor Nozzle Brush

This is the tool supplied as standard with several wet & dry vacuums, and is excellent for use on concrete, tiles, and hard floors.

900918

Numatic 32mm Soft Dusting Brush

Simply push this brush onto any of the metal tubes or the double taper adaptor. This tool will help you keep dust off any hard surface including tops of doors!

601144

MS1070

MotorScrubber Bag

Transporting your MotorScrubber is easier than ever with this black carry bag. Made of durable fabric & features wrap around handles.

MS3061

BLACK Floor Pads

A black floor pad is the most aggressive of floor pads used for the wet stripping of emulsion floor polish. Apply stripping solution to the floor, then use a black pad with a slow speed machine (150rpm) to strip the polish & ingrained dirt away.

13" **5X13B** 14" **5X14B**
 15" **5X15B** 16" **5X16B**
 17" **5X17B** 20" **5X20B**

GREEN Floor Pads

Green pads are aggressive wet scrubbing pads to be used when the floor is very dirty or greasy. Apply plenty of cleaning solution to the floor, then use the green pad together with a standard speed machine (150rpm) to scrub the dirt up into a slurry. This slurry can then be mopped or vacuumed away. **ONLY USE WET**

13" **5X13G** 14" **5X14G**
 15" **5X15G** 16" **5X16G**
 17" **5X17G** 20" **5X20G**

BLUE Floor Pads

Use a blue pad for removing dried on spillages or footprints from any hard floor. Blue pads have a more open weave that facilitates the collection of more dirt from the floor than a red pad would. Simply vacuum then spray a floor maintainer onto the floor & buff. Suits 150-600rpm machines.

13" **5X13BB** 14" **5X14BB**
 15" **5X15BB** 16" **5X16BB**
 17" **5X17BB** 20" **5X20BB**

RED Floor Pads

A red floor pad is the most efficient pad for removing scuff marks & buffing to a high gloss on protected (sealed or polished) floors. Suits machines of 150-600rpm.

13" **5X13BR** 14" **5X14BR**
 15" **5X15BR** 16" **5X16BR**
 17" **5X17BR** 20" **5X20BR**

WHITE Floor Pads

Use white floor pads for the dry polishing of protected (sealed or polished) floors using high-speed (300-600rpm) floor machines. These pads will give a rich deep shine.

13" **5X13W** 14" **5X14W**
 15" **5X15W** 16" **5X16W**
 17" **5X17W** 20" **5X20W**

17" Vileda Micro Safety Floor Pad

This pad is characterized by a special spiky material with micro fibres which dissolves even stubborn, firmly adhering dirt on heavily textured floors. Suitable for maintenance and deep cleaning on a variety of hard floors, and particularly well suited for safety tiles, PVC, and vinyl floors.
